

MOVING AT THE SPEED OF CHANGE

Transportation Conference | January 31, 2019 | Hyatt Regency, Vancouver

The Association of Consulting Engineering Companies–British Columbia, BC Ministry of Transportation and Infrastructure and TransLink are partnering to present a one-day conference focusing on the ever increasing pace of change, the challenges and the opportunities in BC’s transportation industry.

The conference offers multiple morning tour/workshop options, including a guided cruise past key Port of Vancouver sites in Burrard inlet, and interactive panel discussions on the Vision Zero road safety strategy and effective indigenous engagement. Parallel streams will look at Smart Cities and Adapting to Change, focusing on recent developments in BC’s transportation systems, and where we may be going in the future. The conference concludes with the Deputy Minister’s Awards Dinner. An anticipated 400+ delegates will attend.

Engineers, geoscientists, technicians and technologists, suppliers, contractors, agencies and service providers will gain valuable recognition as conference sponsors.
